Program Overview

The Doctor of Philosophy (Ph.D.) – EBU represents the highest level of academic and research achievement offered by East Bridge University.

This doctoral program is designed for scholars seeking to contribute original, high-impact research within their discipline, supported by European academic supervision, structured research mentoring, and rigorous scholarly standards.

The EBU PhD emphasises:

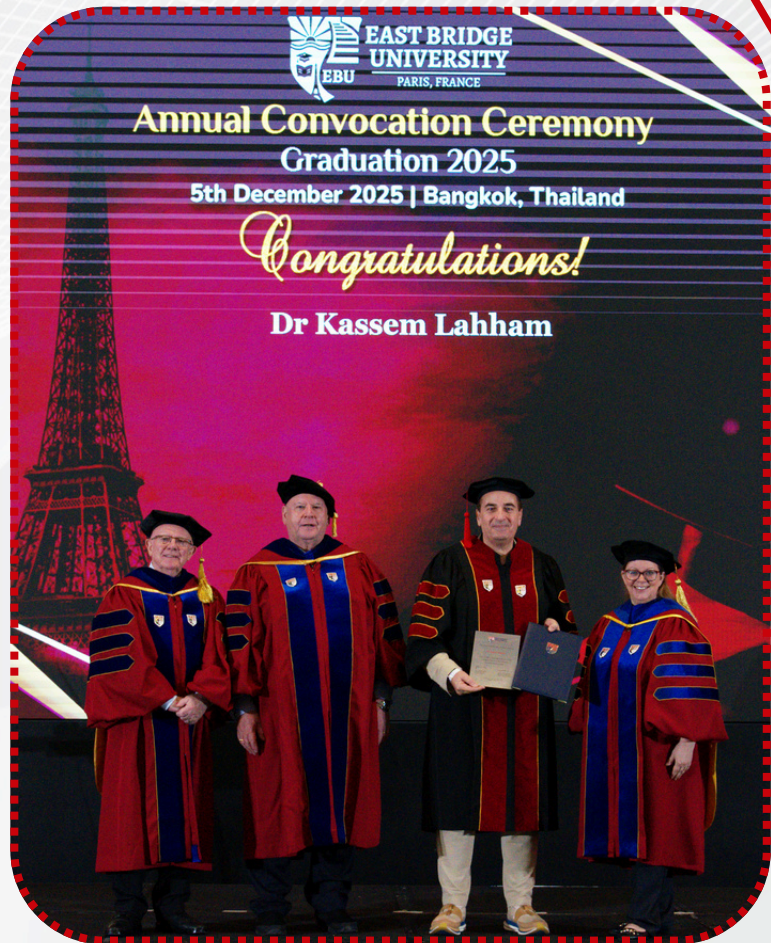

- ✔ Independent and original research
- ✔ Strong methodological grounding
- ✔ Ethical research practices
- ✔ International publication orientation
- ✔ Professional and academic impact

The program is delivered fully online, allowing candidates to pursue doctoral studies while maintaining professional and leadership commitments.

Program Objectives

The EBU PhD aims to:

- ✔ Develop independent researchers capable of advancing knowledge within their field
- ✔ Foster academic excellence through rigorous research methodology and supervision
- ✔ Support publication-oriented doctoral research aligned with international standards
- ✔ Encourage interdisciplinary and practice-informed research approaches
- ✔ Prepare scholars for academic leadership, research, consulting, and policy roles

Program Structure

Total Credits: 240

Minimum Duration: 36 months

Mode of Study: Fully Online

Curriculum Framework

Core Research Coursework

- ✓ Foundations of Research and Scholarly Inquiry
- ✓ Quantitative and Qualitative Research Methods
- ✓ Data Analysis and Academic Writing
- ✓ Research Ethics and Integrity
- ✓ Proposal Development and Doctoral Seminar
- ✓ Ongoing Doctoral Supervision

Research Component

The research phase forms the core of the EBU PhD journey.

Each doctoral scholar is supported by EBU-appointed academic supervisors with international research and doctoral supervision experience. Structured supervision ensures consistent academic progress from proposal approval through final submission.

Doctoral candidates are expected to produce a doctoral dissertation of approximately 60,000 words, demonstrating:

- ✓ Original contribution to knowledge
- ✓ Methodological rigor and critical analysis
- ✓ Academic coherence and scholarly depth
- ✓ Relevance to global academic or professional practice

Scholars also receive guidance in:

- ✓ Academic publishing
- ✓ Conference paper development
- ✓ Research dissemination
- ✓ Post-doctoral and academic career preparation

The final dissertation is evaluated through EBU's internal academic review and defense process, aligned with international doctoral assessment standards.
