Master of Science in International Healthcare Management

MASTER OF SCIENCE IN

International Healthcare Management

Become a leader in the global healthcare sector by driving positive change, innovation, and addressing the rising international health crisis with our Master of Science in International Healthcare Management, where leadership meets global strategy, and healthcare expertise meets innovation.

In today's day and age of rapid globalisation and digitalisation, it has become imperative for organisations to have skilled professionals equipped to address global healthcare challenges and drive positive change in the international healthcare space. At East Bridge University, we have developed our Master of Science in International Healthcare Management program to offer students a deep understanding of global healthcare systems and develop their strategic management and leadership skills, enabling them to face the complex issues faced by healthcare systems today. The program offers students an in-depth knowledge of healthcare systems and policies, along with the leadership strategies governing the healthcare space.

WHY PURSUE A

Master of Science in International Healthcare Management?

- Understand global healthcare systems and their impact on public health.
- Apply strategic leadership principles to address complex healthcare challenges.
- Build and manage sustainable healthcare programs and initiatives.
- Develop innovative solutions for improving healthcare delivery across the world.
- Enhance your critical thinking and decision-making abilities, and be able to take on challenges in global healthcare settings.
- Understand the economic aspects of the healthcare industry and learn how to optimally allocate resources.
- Develop a deep understanding of cross-cultural communication and global health practices.
- Study 100% online, from anywhere in the world.

ABOUT

East Bridge University (EBU)

East Bridge University is a worldwide higher-learning educational institution that provides online and affordable higher education degrees, diplomas, and certified courses to all. Tailored to suit the changing needs of the 21st century, our programs are a unique blend of robust theoretical knowledge and real-world practical exposure. We aim to empower adult learners and professionals with the best industry-specific courses that enable them to navigate the dynamic and ever-evolving professional landscape seamlessly. At East Bridge University, we greatly foster critical thinking, analytical skills, and leadership qualities among our students.

East Bridge University is legally incorporated in Paris and has received authorization from the Rector Office of the Paris Academy, which is under the jurisdiction of the Ministry of National Education.
